

# GLP / Balance

Struggling with cravings, controlling weight, bloating?  
GLP/Balance is your daily support blend, naturopathically formulated to help you feel lighter, energised, and balanced.

-  **Battling stubborn weight?** Support natural appetite control.
-  **Struggling with energy slumps?** Promote vitality and metabolism.
-  **Frustrated by bloating?** Enhance digestive comfort and gut health.
-  **Concerned about blood sugar?** Support balanced glucose levels.
-  **Seeking overall wellness?** Embrace microbiome and metabolic health.

With herbs and nutrients traditionally used to support weight management, blood sugar balance, and gut health, this powerful formula helps you stay vibrant and resilient. Whether you're curbing cravings, boosting energy, or seeking digestive comfort as part of a balanced lifestyle, GLP/Balance is your go-to for natural weight and wellness support.

An advanced blend formulated to support your weight management, energy, and digestive health daily. Featuring a synergistic mix of botanicals and enzymes, this formula includes Berberine and Bitter Melon to support appetite control and blood sugar balance, Green Tea Extract and Cinnamon to enhance metabolism, and Ginger and Yerba Mate to promote vitality. Amla and Chokeberry, rich in ~28 polyphenols, support gut health and inflammation reduction, while Green Banana Flour fosters a healthy microbiome. Pectinase and Lipase aid digestion, reducing bloating, with Astragin® and Piperine enhancing nutrient absorption. This blend offers natural, comprehensive support for daily wellbeing.
